An aerial photograph of the Wakefield High School campus. The school buildings are modern, multi-story structures with flat roofs and large windows. They are surrounded by a dense forest of trees. In the background, a city skyline with several tall buildings is visible. A road with cars runs along the right side of the campus. The overall scene is a mix of urban and natural environments.

The Wakefield

An aerial photograph of a school campus. In the center-left, there are several brick school buildings with multiple windows. To the right of the buildings is a large, open grassy area that appears to be a sports field or track. Further right, there are more trees and a curved path or road. The foreground is filled with dense trees and the roofs of houses, suggesting a suburban setting. The overall tone is sepia or aged black and white.

The Class of 1984 kept up the tradition and spirit of Wakefield High School. Seniors were faced with *changes*: They were *upperclassmen*, lunch passes were issued and only eight unexcused absences were acceptable. *Trends* for 1984 — mohawks and skinheads, punk and new wave fashions, the computer age with video games and a new computer center. *Future* decisions — college, jobs, marriage and moving.

Play, work, happiness, intrigue, organization, understanding, learning, friendship, fun, confusion, romance — just some of the ingredients of Wakefield High School, 1984. On the following pages, Starstone '84 presents all aspects of school life.

Bryan —
It's been a great year in English with you. You're a super friend and I'll miss you next year. I had to think that without you I never would have read 1984. That's a frightening thought! Really now, thanks for a great year of English.
Love ya,

Trends

Trends played a part in how Wakefield students looked and acted. Teens brought hair to new lengths with mohawks, phillies, and crewcuts. New trend fashions were in evidence with the short haircuts, jean jackets, leather jackets, and army fatigues. New wave fashion was ever more popular with miniskirts, wrap-around glasses, colored stockings and vans.

Playing video games such as Pac Man, Donkey Kong, Dragon's Lair and Burgertime was a pastime among students.

The silent Walkman radios and large box radios make the scene and Wakefield was with the trend the whole year.

ryan,
Well the year is finally
over. It was fun in English
all the time. I want
to see you next year. I'm going
to move. Have a nice time

the girls. Don't chase to many

This year Wakefield students expressed individuality and personality which made 1984 different from all other years.

Some expressed excellence in academics, others in athletics, and our overall participation gave our school a well-rounded student body.

Wakefield's location near our nation's capital, makes for a national and international atmosphere of learning.

Work, Organization, Learning.

Whether we liked it or not, the main purpose for our stay at Wakefield was to learn. The process was long and sometimes frustrating but was usually successful.

Many subjects will last in our minds long after school is over and some will be forgotten. But the things we learned in our four years at Wakefield will serve us well.

We cherish the memories of our teachers and fellow students.

Future

1984 is here. Fortunately it is not the 1984 that George Orwell envisioned, but who knows what the future holds.

Seniors have been busy planning their future this year: taking S.A.T.'s, applying for college, reserving jobs for after graduation, joining the armed services, or deciding to take a vacation next year.

Underclassmen took a brief look at life after high school. Some decided the present was what counted and others planned senior life by taking P.S.A.T.'s.

Next to education, having fun was the most important activity in High School.

Pep Rallies, Spirit Week, football and basketball games, The Winter Carnival, and the production of "You're A Good Man Charlie Brown" and organization meetings all contributed to a fulfilled year.

Homecoming

The Warriors crushing 47 to 7 victory over Bishop Ireton was an appropriate event culminating this year's exciting Homecoming activities.

Our team, led by quarterback Rudy Jackson, stunned the Cardinals for Wakefield's first Homecoming victory in recent years. The crowd was ecstatic and celebrated by tossing confetti onto the cheerleaders.

This year DECA consisted of six marketing classes and fashion merchandising. Sales projects throughout the year enabled the members to go on enjoyable field trips to Philadelphia, PA, Baltimore, MD, and Reading, PA. All students liked the experience of operating the MDE Holiday Shop which was open the two weeks prior to Christmas break and sold a vast variety of merchandise. In January, all DECA chapters in Arlington County participated in a bowling tournament which was fun for all! District, state and national competitive events highlighted the remainder of the school year along with victory parties. The final event of the year was the employer appreciation ceremony where students presented their supervisors with plaques and certificates of appreciations.

Wakefield's golf team, in only its second season of competition, made significant improvement in its regular season record, in its district standing and in the number of players qualifying for regional tournament play. P.S. Look at THAT Face

Remember
THE

MAHIBU SURFER!

**Faces . . . pleasant,
surprised, posed,
and priceless. The
faces of our friends . . .
caught in a moment . . . captured for our memory.**

**Out of the masses emerges
the individual . . . all that
he is and all that
he will become.**

Every day we walk
through the same doors,
sit in the same chairs,
and lean against the same lockers.
During our year the path
never changes,
only our direction
and destination.

**As one of a crowd or one of a pair,
you take your place in the rank
and file of humanity. You stand
among many as an individual . . .
unique, rare and beautiful.**

We relate to others with a word,
a look, a touch, a motion. We relate
one to one, one to two, and one
to many. How we relate and what
we relate is a personal matter
born in the mind and heart.

Everywhere there are faces . . .
some happy, some solemn with thought, some sad . . .
but always they are there.
Faces are sometimes mirrors which reflect
what we see and sometimes windows
that let others see in. Do we know
the meaning of faces? Do we understand
the stories they tell?

Unlike other beings we (humans) have
the ability to appreciate the excellent.
We desire to achieve it. We want to
share in it. Even though it may point to
the fact that we are defective.

— Paul Weiss

'We said there warn't no home like
Other places do seem so cramped
and smothery, but a raft don't.
You feel mighty free and easy and
on a raft.'
